

# CIVIL WAR BOARD GAME TEMPLATE

GROUP MEMBERS:

--

The purpose of this template is to plan out what your game will be like. Discuss each section with your group, and then have your recorder write down your answers in the space provided. THIS IS JUST A ROUGH DRAFT! It doesn't have to be perfect, and I'll get back to you next class with feedback on your ideas.

<p><b>Title of the game</b> <i>Try to think of something catchy that relates to the subject that you're covering.</i></p>	
<p><b>Rules</b> <i>Come up with a basic set of rules for the game. Remember what we talked about in class discussion: the game has to have 25 facts that you've researched in class, but otherwise you can do whatever you'd like. Be creative! Think about games that you like to play and try to make your own.</i></p>

## Rules (Continued)

*This is more room to write your rules. Remember, the clearer you are the better your players will understand the game.*

## Materials

*What sort of items will you need to create this game?*

**Game Board**

*Give me a rough idea what  
the game board will look  
like.*
